

- Update to `smoltcp` v0.11.
- Forward constants from `smoltcp` in DNS query results so changing DNS result size in `smoltcp` properly propagates.
- Removed the nightly feature.

0.2.1 - 2023-10-31

- Re-add `impl_trait_projections`
- Fix: Reset DHCP socket when the link up is detected

0.2.0 - 2023-10-18

- Re-export `smoltcp::wire::IpEndpoint`
- Add poll functions on `UdpSocket`
- Make dual-stack work in `embassy-net`
- Fix multicast support
- Allow ethernet and 802.15.4 to coexist
